WHAT TEACHERS ARE SAYING:

I used this with my own daughters over the summer while we raised baby chicks! It was great for practicing early childhood skills while also learning more about chicks and chickens. – Katie F.

My youngest is OBSESSED with Chickens and this was PERFECT!! Thanks!! He even created his own little chicken book with all his research!! – Rachel A.

This resource is exactly what I was looking for. My students were so engaged and it was so easy to prep and use in my room. I look forward to using it more this year! – Amber Y.

Informational resource that supported our chicken life cycle unit in the classroom. – Natalie P.
